4911/2 Supply of Cement for drainage works

Continuation Sheet Ml File No 89 / Current No of 1942 Page 1

From The Dir of P H D

No C71-92 Dy 13/2/43

States that the drainage works of Kyathamanahalli and Hunsur AR Colony and Belakavadi have had to be deferred for the present due to non-availability of Cement, although funds were kept released in respect of the former two works

Intimated that the drainage work at Hosdurga and that at Chickballapur has been deferred for on account of dearth of Cement. The Dy H has now reported that three more works have had to be deferred for the same reason and that fresh tenders would be taken up for execution after calling for fresh tenders As soon as Cement is available in the market

Submitted for perusal

3 The proposal at A may be approved

Laid before Mr

4) Fresh tenders may be called for where Cement becomes available

OFFICE OF THE
DIRECTOR OF PUBLIC HEALTH
IN MYSORE

Bangalore dated 12th February 1943

Mel 89-42-6

The Secretary to Government,
Law Department, Bangalore

Sir

Re Supply of cement for works in the Bureau of Sanitary Engineering

I have the honor to state for the information of Government that the Sanitary Engineer reports in his letter No 1062 dated 6-2-43 that the drainage work of A Y colony at Hunsur and the Drain work of Kyathamanahalli (Krenchrocks Taluk) cannot be taken up for want of cement though both the municipal and Government contributio for the works have been received and the contractors are also fixed up after calling for tenders Under the circumstances, the reques of the Sanitary Engineer to refund the deposits of tenderers and to call for fresh tenders later on when cement is made available is approved by this office

The Sanitary Engineer also reports that drainage work of Belakavadi sanctioned in G O No L 3282-5/41 89-42-2 dated 26-8-42, cannot be undertaken similarly Neither the Municipal nor the Government grant for the work has yet been received The Deputy Commissioner is addressed this day in the matter of placing funds The tenders for the work, however, will not be called for until the cement situation improves

A copy of Sanitary Engineer's letter in the matter is enclosed

I have the honour to be,
Sir,
Your most obedient servant,
for
Director of Public Health

JBR

Letter No 1062 dated 6th February 1943 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

--

Subject - Supply of cement for works

I have the honour to state that the marginally noted sanctioned drainage works are held up for want of cement, though full Government grants and municipal contributions have been received in respect of these works and the contractors are also fixed up after calling for tenders On account of non-availability of cement at present, these fresh works cannot be started, till such time as cement is made available Under these circumstances, I request your kind approval, to refund the deposits of respective tenderers and call for fresh tenders later on, when cement is made available

1	Drainage to A F colony at Hunsur
2	Drainage to Ayathamanahalli, Krenchrocks Taluk

Regarding the drainage work to Belakavadi, an estimate for Rs 10,640/- was sanctioned in G O No H 3282-5/Fl 89-42-2 dated 26-8-1942 Neither the Municipal Contribution nor the Government Grant towards this work has been received so far The President Town Municipal Council, Belakavadi was addressed vide this office No 970 dated 17th December 1942 to place the necessary amounts at my disposal and he will be reminded today

Calling for tenders after receipt of funds will also be postponed for this work, till the cement situation improves I request your kind approval to the same
